

Summary

1 Editorial

Gilberto Prado and Sérgio Nesteriuk

Design, Art and Technology

4 Prosthesis in design and art

Milton Sogabe, Guilherme Ikeda

20 Interactivity, Robotics and Art, after Altamira

Artemis Sanchez Moroni

31 “Vida Maria”: the Representation and the Digital Figurative Image

Juliana Baptista dos Santos, Luisa Paraguai Donati

43 Between light and darkness, a photographic poetical

Darci Raquel Fonseca

54 Dropping the Urn: culture shredded and ruined in Ai Weiwei's work

Rodrigo Kiko, Priscila Arantes

66 The imaginary in the narrative of souvenirs: a case study of the archaeological site of Ingá

Elyziane Ferreira Borges, Nathalie Barros Da Mota Silveira

84 Virtual and Augmented Reality for the Built Heritage Dissemination

Maíra Sebastião Dias, Ana Regina Mizrahy Cuperschmid

104 Slow Design an approach from Art History

Isabela Torres Rodrigues

114 The Slow approach and its contribution to Design: a product evaluation

Johelma Pires de Avelar, Eduardo Romeiro Filho

124 Macroscopic anatomical characteristics of amazon forest species in the development of visual patterns in Surface Design

Jéssica Ester Elvas Costa, Claudete Catanhede do Nascimento,
Jorge Alves de Freitas

Summary

- 147** The use of Biometric Identification Systems (BISs) and the Artificial Intelligence (AI): from autobiographic biometry to biometric biographies
Pablo Gobira, Emanuelle de Oliveira Silva
- 163** Contributions of Design Thinking to the development of Citizen Science projects
Rafael Martins Alves, Ana Letícia Amaral, Filipe Cargnin, Berenice Gonçalves, Gilson Braviano, Maria Collier de Mendonça
- 179** Privacy by design and the privacy aspects of personal data in the context of inclusive design and services
Rodrigo Diego de Oliveira, Maria Lílian de Araújo Barbosa, Alison Alfred Klein, Virginia Borges Kistmann, Maria Lucia Leite Ribeiro Okimoto
- 198** What's the application of design in the company's strategic planning?
Juliana da Silva Louzada, Laina Priscila de Oliveira Sales, Claudete Barbosa Ruschival, Caren Michels, Almir de Souza Pacheco
- 210** Hotel Reform: Reflections on Emerging Innovations in the Covid-19 Pandemic
Gabriel De Oliveira Araújo, Augusto César Barreto Rocha, Wilson Silva Prata
- 222** Independent Game Development: Brief considerations of the practice in the post-digital era
Daniel Teixeira Prieto, Sérgio Nesteriuk, Marcos Mortensen Steagall

CESAR School Dossier

- 236** The Graduate Program in Design at CESAR School: Perspectives and Experiences in Recife's Porto Digital
Helda Oliveira Barros, José Carlos Porto Arcoverde Jr
- 246** Designing conversations with personality: application of the design process to the development of a conversational design framework
Willian das Neves Grillo, Helda Oliveira Barros

Summary

- 260** Virtualization and physiotherapy: development, performance evaluation and heuristics of usability in two systems of virtual and mixed reality for the rehabilitation of upper members
André Felipe da Silva Figueiredo, Helda Oliveira Barros
- 275** The adoption process from Design Anthropology perspective
Haidée Cristina Câmara Lima, Walquíria Castelo Branco Lins
- 290** Visualities and visibilities of black women: a study about scenography of the Recife's carnival in 2006
Natasha Bezerra, Haidée Cristina Câmara Lima
- 305** Design as an Aid Tool in the Welcoming of Students with Special Educational Needs, from the Perspective of the Administrative Technical Staff of an HEI
Natalia Aquino, Helda Oliveira Barros
- 317** The strategic design applied to internal startups of a non-technological company
Thiago Suruagy de Melo, Carlos Henryque Pompeu Gomes
- 331** Strategic actions co-created under Design methods for the Porto Digital ecosystem
Maria Chaves Pessoa Monteiro, Helda Oliveira Barros
